MULLENIX NERVOUS WITH 'HUMAN WOLF'	W.	L.	P.	Win	Loss
Returning desperate criminals to the penitentiary is no joke, Lee Mullenix, superintendent of Bertillon here, avers. Mullenix returned last night from Little Rock where he delivered Yates Standridge, under sentence of 52 years, to the Arkansas penitentiary. Standridge told Mullenix he would never take him there alive.					

On the train Standridge attacked Mullenix and then tried to escape by leaping from the car window. Mullenix caught him and pulled him back. Mullenix says Standridge is known as Little Rock as the "human wolf." He was arrested here a week ago in connection with the theft of suitcases. He admitted having escaped from Little Rock more than a year ago. <td></td> <td></td> <td></td> <td></td> <td></td>

AUSTRALIAN NET STARS DEMONSTRATE  
STRENGTH IN EARLY MATCHES IN U. S.

Photo shows Norman E. Brooke and Gerald Patterson, Australian tennis wizards, defeating Wallace F. Johnson and Vincent Richards in doubles match at Newport Casino. Brooke is making a return close to the net.

NEW YORK, Aug. 15.—(Special)—American tennis enthusiasts who have the chance to watch the Australian quarter of tennis stars in action in this country in preparation for the championship tourney at Forest Hills are watching their playing with great interest. Norman E. Brooke, Gerald Patterson, H. V. Thomas and Randolph Lycett comprise the team from the Antipodes. In a recent match at the Newport Casino, Brooke and Patterson showed a brand of tennis that indicates the visiting team is a formidable aggregation. Brooke and Patterson defeated Wallace Johnson and Vincent Richards handsily.

Because of Brooke's wonderful record, there will be more than a share of the interest in the youthful Patterson, protégé of Brooke, and recently victor over his mentor in straight sets for the English championship. Patterson won 6-3, 7-5, 6-2. From Australia the weeks ago came word that Brooke would probably play doubles with Patterson and even then there was a great deal of curiosity on the part of the home folk to know whether the pupils had reached the stage in his development that enabled him to beat the master. The result at Wimbledon speaks for itself and while youth may have been a factor in Patterson's favor, there are few to deny that he is a wonderful player.

Patterson is a nephew of Dame Nellie Melba and a lieutenant overseas. He is only 22 years old, and one of the liveliest, aggressive players for which Australia, as well as California, is famous. Almost without exception the English papers speak of his service as the most severe since McLaughlin played at Wimbledon.

A hearing in the supreme court on a petition to make permanent the injunction restraining Johnson from interfering with May's work for the New York team also was postponed until Tuesday.

The Cincinnati and Pittsburgh clubs of the National League recently were directed to complete the game called on July 6 at the end of the sixth inning, to allow Cincinnati to catch a train. The National league board of directors changing its decision of several days previous when the club was ordered to play a nine-inning game to replace it in the record.

The game was called with Cincinnati ahead, 2 to 0. The remaining three innings will be played.

Only one precedent for such a proceeding is contained in modern baseball history, that being when New York and Philadelphia finished the final inning of a game which had been forfeited by an umpire in Philadelphia because spectators, he said, interfered with batters by waving from center field stands.

The board of directors ordered that Cincinnati and Pittsburgh complete the portion of the game as though it never was interrupted.

The board severely censured Managers Moran and Beeder for entering an agreement to call the game at a certain time, holding that Cincinnati could easily have caught a later train for Boston. The case has caused more ill-feeling in the National league than anything else for some years. Larry Hermann, president of the Cincinnati club, has wired President Heydler several times protesting against what he called the unjust decision.

The game was expunged from the records because of a protest by New York, owing to the closeness of the pennant race.

HOG CHOLERA DRIVE  
IN PITTSBURG COUNTY

Anti hog cholera campaign was launched today in Pittsburg county by Dr. C. F. Harrington of the United States bureau of animal husbandry in co-operation with representatives of the state board of agriculture.

The fight against hog cholera has been organized in every school district in McCurtain county. Pittsburg county will be organized in a similar manner and the work extended to every county in the southeastern district as rapidly as possible, according to Dr. Harrington.

NEW STATE COUNCIL  
MEETS AUGUST 22

The newly organized state council of defense will hold its first meeting at the state house August 22.

John A. Whitehurst, president of the state board of agriculture, sent out a call for the meeting today, following the receipt from field agents of information relative to several alleged flagrant cases of profiting in various counties, which Mr. Whitehurst decided demanded immediate action.

FINAL SESSIONRamsey Is Outpitched by  
Rasmussen.

SIOUX CITY, Aug. 15.—(Special)—DeFate's team ran in the eighth inning with two runners on base decided yesterday's game in favor of Sioux City, 1 to 2. The game was called at the end of the eighth inning to allow Oklahoma City to catch a train for Marshalltown, Iowa, where the Dea Motus games have been transferred.

Ramsey and Rasmussen hooked up in a fifty-pitchers' duel and neither had much advantage at any stage of the game. The hits were about evenly divided until the eighth and the Oklahoma City runs were the result of errors.

Charles Schmidt, manager of the Sioux City club, resigned today and will be succeeded by Herbert Moran. The score was:

WHITEHURST CHANGES  
PLANS ABOUT SUGAR

On account of the agreement of local wholesalers to reduce the price of sugar to \$10.91 for a hundred pound sack, the war price, the plans of John A. Whitehurst, president of the state board of agriculture, regarding the sales of sugar through car lot purchase by the state, probably will be changed.

Unless there is a change in the situation, it is probable that the car of sugar now on the way to the state board from New Orleans, will be sold to the trade through the regular channels.

HUGHES JENNINGS is beginning to feel hopeful and says that his Detroit Tigers may wind up the season in whiffed style. Jennings has built up a great ball club, no mistakes, and Detroit fans, who once clamored for his release from the management, are worshipping at his feet. The Tigers are powerful at the bat and are well batted, and in defensive strength. Their success this year is partially due to the splendid catching of Al Simmons and the improved pitching of Babs Ehman, Roland and Dutch Leonard. If these boxmen can hold their own for the rest of the campaign, Jennings may enjoy a laugh at the expense of the White Sox, Yankees, Clevelanders and Browns.

But the Tigers have two more eastern trips to make, so that Jennings sensibly refuses to claim the pennant.

"I Wonder How Will Henry  
Spend All That Damage  
Money?"Dear Editor:—  
Well, for I was asked a jury over in Chicago, when Henry said the price of a new building was \$100,000 and the jury said they gave him \$100,000 to Henry on account of a paper calling him a new "Hill" and something and one of them lawyers said that was just first of them juries and was even more than that of last year's jury. I guess everybody is satisfied and the jury is laughing like a lot of kids. If it was the personal that was making a suit for a new building, I don't think the jury would give him the price of a roof over his head.
